Consumption Bar

Each bottle of Sparkling Wine, White Wine, Red Wine, Beer & Soft Drinks by the glass are tallied during the event. The nominated person is to provide a credit card as security. At the end of the wedding we ask the nominated person to sign the bill & arrange payment for this amount.

Credit: A pre-paid credit can also be arranged if you would like this option. For example a \$1000.00 credit is pre-paid with your final account & placed on the bar. You will be updated as often as you like or when the limit is approaching.

Special Beverages

Should there be a particular Beer or Wine that you prefer to drink, we are able to arrange this for you. Due to our liquor license we do not allow BYO beverages. We will provide you with a quote for the specified beverages. Edgewater Function Centre will then purchase the specific amount agreed to mutually. We do require special beverages to be paid in full prior to the event. Should there be any 'special' beverages remaining, these will be given back to you after the event. Please note that this option does work out to be quite expensive as we are buying outside of our normal stock.

Alternatively guests can purchase their own drinks from the bar.

Cocktail & spirits are available on request.
